18th September, 2017

To: The Executive Director
Rotary Club of Grantham Kesteven

CC: Rosie Mayer
80 Middle Park Road
United Kingdom

Dear Sir/Madam,

VOTE OF THANKS

On behalf of the management and learners of Mary View School for the Deaf, Montfort Demonstration School, Chisombezi School for the Deaf-Blind and Montfort Special Needs Education College, I write to express my profound gratitude to the Rotary Club of Grantham Kesteven and your entire management team for the support rendered to our learners.

You supported us with equipment for the workshop and tailoring shop. These include 2 Ryobi Battery Jigsaw, 2 Ryobi Battery Circular Saw, 2 Ryobi Battery pack and Charger for the workshop and sawing machine and assorted materials for tailoring and cloth making.

This will help learners with Hearing Impairment, Deaf-Blind and Visual Impairment to gain skills for their survival as not all of them can progress academically. In addition, through your initiative, our learners will be able to produce different products for sell to raise money for the development of the school. For your information, our demonstration school has the following enrolment: 165 learners with Hearing Impairment; 62 learners with Visual Impairment and 38 learners with Deaf-Blind and all are in a residential programme hence the need to fully equip them with the necessary skills and to keep them busy all the time.

We are very grateful to you and all your partners and your initiative will go a long way in changing the lives of vulnerable learners in Malawi. We are happy for you and still looking forward to your continued support as we join hands in making education for all a reality.

Your good gesture is highly appreciated.

Yours Faithfully,

Lucy Magagula

Acting Principal
